THE STORY BEHIND THE WINE

As with all wines, there is a story. This story begins in a land that historians believe is the "cradle of civilization". An area where the first seeds of wine grapes were discovered and the origins of the vinifera grapevine began. Of course, where there is a grapevine, there was mankind... and where this story is concerned, a man with a vision. **Shahin Shahabi**, along with his father and brother, started working in the wine business in 1982, three years after arriving in the U.S. Migrating from a small Jewish minority in Iran, Shahin was infatuated with the world of wine from his very first exposure to it and that ultimately led him to develop *Stonehedge Winery*, our flagship brand. Our collection of brands grew from those humble beginnings, culminating in annual sales of more than 70,000 cases in the U.S. From *Stonehedge Winery* to *Diamond Ridge*, *Havens Winery* to *39 North*, one might say, "*The rest is history.*" Join us, and let the story continue... with you.
